- Python `exploring`

Other skills

English at the level of reading documentation;

I often take up work with unfamiliar CMS, I can read someone else's code;

Configuring DNS (domains);

Working with the API, reverse engineering documentation of internal APIs;

Parsing, grabbing.

Characteristics

I often solve problems more correctly, rather than quickly;

I take on the difficult, sometimes unbearable;

Underestimate task execution time estimates;

I do not like to be in debt, for a high fee they work overtime, more tenderly;

I love automating routine tasks.
